## Learn Acting Skills

Join our Jdance Drama classes to embark on an exciting journey of self-discovery and personal growth. Our classes are carefully designed to foster self-confidence, enhance communication skills, and ignite creativity in a fun and safe environment.

During each session, students will experience 30 minutes of stimulating and educational activities that will leave them feeling inspired and empowered. Our curriculum includes a variety of exercises and games that aim to develop verbal skills, improve voice projection, and encourage creative movement. Through improvisation and script work, students will also have the opportunity to enhance their reading, expression, and overall confidence.

To further enrich their learning experience, many of our students choose to combine the drama class with our Jdance 30-minute group singing class and/or our Musical Theatre class. Now if you like to act then you may like singing too! Well, good news.

At Jdance, we schedule these classes back to back so they can be enjoyed in one afternoon without the hassle of an extra trip to the studio.

That's a whole afternoon of dazzling fun for the budding be "Star" to be.

These additional classes provide a unique opportunity for students to enhance their confidence and entertainment skills.

To make the most of each class, we recommend students bring the following items:

- A display folder to keep their materials organized
- Pencil or pen for note-taking and script annotations
- Notepad (optional) for additional writing or drawing
- Water bottle to stay hydrated throughout the session

Join us today and unlock your full potential in a supportive and engaging drama class experience!
